Professional Summary

Data talks. I make sure it says the right things — through Power BI, Bitrix24, and 11+ years of turning complex CRM data, real estate metrics, and enterprise datasets into business intelligence that drives decisions. Expert in **Microsoft Power BI Service, DAX, and SQL** — **delivering real-time, KPI-driven dashboards and data visualizations** across scalable reporting solutions using **large-scale CRM data**. Skilled in end-to-end data workflows (**EDA, ETL/ELT, data modeling, RLS, Power Query**) and **automation using Power Automate, n8n, and AI tools** to enhance efficiency and accuracy. **Certified Scrum-Master** with a strong ability to align data strategy with business goals — enabling faster, data-driven decision-making across real estate and enterprise environments.
